

The Jeffco DeAngelis Foundation

Active Shooter

Single Officer Response

➤ This class provides officers options to either interrupt or interdict an active shooter event. After successful completion of this course, attendees will be well versed in reading and manipulating environments, gathering and understanding information, and employing effective tactics to save lives in an active shooter incident. The mindset and tactics taught in this course will give the attendee confidence that they can move to an active shooter quickly and safely and interdict through glass if necessary. This class includes classroom lecture, weapons retention, live range drills including shooting through glass and force on force practical scenarios. All principles and tactics will be supported through the force on force training.

➤ Training to be held at The Frank DeAngelis Center for Community Safety. This one of a kind facility has been highlighted on Showtime and CBS News as the most realistic school training environment in the U.S. Range time will also be included.

➤ **Cost:** This training is fully sponsored by the Jeffco DeAngelis Foundation and is being provided at no cost to participants.

Class Size: Due to the tactical nature of this hands-on course, class size is limited to 20 participants.

RSVP: Participants must pre-register at www.deangeliscenter.org

Registrations beyond the class size of 20 are waitlisted in the order received to fill openings in the event of any cancellations and gain priority in future trainings.
